# COCO STARTS INVESTING

A FUN WORKSHEET ON INVESTING (AGES 7-9)

# Coco Starts Investing

A Financial Literacy Worksheet for Ages 7–9

## Coco's Story

Coco has R100. She sees two choices: buy a toy now or put the money in an investment club.

Her teacher says if she waits, her money can grow. A month later, Coco gets back R120. She learns that investing means using your money to make more money.

### ACTIVITY 1: What is Investing?

Investing is using your \_\_\_\_\_ to make more money over time.

### ACTIVITY 2: How Much Did Coco Make?

Coco invested R100. She got back R120.

How much more money did she make?  $R120 - R100 = R$  \_\_\_\_\_

### ACTIVITY 3: Match the Words

- |           |                                   |
|-----------|-----------------------------------|
| 1. Invest | A. Use money to grow it           |
| 2. Save   | B. Keep money for later           |
| 3. Spend  | C. Use money to buy something now |

### ACTIVITY 4: Think About It

Would you rather spend R100 now or invest and get R120 later? Why?
